

TASKI®The **ULTIMATE**
Cleaning Machines

TASKI IntelliPower Li-Ion Battery and Charger 36V

Power and performance

New generation of Li-Ion batteries and charger for small TASKI machines

Harnessing the latest battery technology and super fast charger, the IntelliPower 36V range of batteries and charger brings new levels of performance and flexibility to TASKI's range of small machines.

IntelliPower 36V brings you:

Powerful 36V Lithium battery

Up to 2-hour run time*

Extended run time depending upon application. Scrubbing and vacuuming at the same performance levels as corded machines is now achievable without compromise.

Super fast charger

1-hour recharge time**

A multi-voltage charger for any region or country. Short recharge times. Infinite autonomy is now possible by having batteries. Recharge the first battery while using the second battery. Swap when needed.

Freedom & safety

Up to 97% savings, zero risk of trips

No cord means no trip hazard and no risk of electric shock. Use anywhere, anytime, no constraints. Perfect for public areas, mobile and transportation cleaning. No cord can yield up to 97% unproductive time saved normally spent on preparation, safety checks, and maintenance.

Performance

100% increase

IntelliPower harnesses the latest lithium batteries, combined with TASKI digital motors to achieve up to double the levels of performance and run time compared to older batteries and carbon brush motors***.

Legendary quality & longevity

2-year warranty / 2000 cycles

The TASKI ergodisc brand has an enviable reputation for quality, reliability and ergonomics. Highest quality, robust construction and ultra reliable. Up to 2000 cycles for extended longevity.

Sustainability

Up to 40% energy savings

Up to 40% energy savings compared to corded machines. Short recharge time means chargers are plugged into the electricity supply for less time. Depending upon application, batteries can have a lower carbon footprint than high wattage corded machines.

*Depending on the machine & application. **80% charge. *** First generation lithium batteries and carbon brush motors.

The **ULTIMATE**
Cleaning Machines™

TASKI IntelliPower Li-Ion Battery and Charger 36V

Ultra compact battery

A range of very compact lithium batteries that are much lighter than traditional batteries means more applications than ever can now be achieved using battery-powered machines. High output means no compromises.

Fast recharge time

Recharged in just one hour (60 mins) **. With extra batteries, the autonomy is limitless.

Flexibility & reduced cost

The same TASKI IntelliPower 36V can be used with multiple TASKI machines. Huge synergies and cost reduction from standardization means TASKI can provide a lithium-powered machine for daily cleaning applications. Charge multiple batteries using one common charger.

Low Total Cost of Ownership

With up to 2,000 cycles and a very short recharge time, the savings compared to traditional batteries soon add up. Less replacements means big savings. More resistant to the damage caused by 'opportunity charging', lithium is perfect for frequent use applications. Divide the total number of charge cycles by charge cycles per year to calculate theoretical lifetime. More charge cycles used per day will accelerate battery replacement.

Technical Data			
IntelliPower Li-Ion Battery 36V 14.5Ah (Lithium-Ion)		IntelliPower Li-Ion Multi Chargers 36V	
Nominal Voltage (V) (DC)	36V	Input Voltage (V)	100-240V AC / 50-60Hz
Nominal Capacity (Ah)	14.5	Output Voltage Nominal (V)	36
Charging Cycles	2000	Charging Current (A)	10
Battery Weight	3.5 kg / 7.7 lb.	Charger Weight	1.7 kg / 3.74 lb.
Dimensions LxWxH	245 x 158 x 85 mm 9.64 x 6.2 x 3.3 in.	Dimensions LxWxH	262 x 191 x 140 mm 10.3 x 7.5 x 5.5 in.
		Charging Time 80% charge **	60 min.
		Charging Time full cycle (100%)	90 min.

36V devices	
Product Description	Product Code
TASKI IntelliPower Li-Ion Battery 36V 15Ah	D7525338
TASKI IntelliPower Li-Ion Multi Charger 36V UNI (no cord & plug, add local cord/plug)	D7525360

Charge accessories (cords/plugs for UNI version)	
Product Description	Product Code
Main cord 2L+P NA : (15.5 ft / 5M); for use with SKU D7525360	D4131520
