Where **robust** meets **reliable**

dash

12 in. / 30 cm Battery-powered Upright Vacuum

Cut the cord and clean anywhere, anytime – no compromise

The NSS *dash* battery-powered upright is a powerful, durable and versatile vacuum for a wide range of cleaning tasks. It is CRI Gold certified for cleaning performance and low dust emissions. Easy and flexible to use, with no cord related hazards, enjoy the freedom to safely clean anywhere and the flexibility to simplify your cleaning operation.

Peak performance for maximum productivity

The roller brush technology provides powerful mechanical cleaning action, making it ideal for deep cleaning of carpets and hard floors. The unmatched battery life delivers up to 90 minutes of run time per charge, with quick and easy battery changes that allow for unparalleled productivity to achieve cleaning tasks.

Designed for reliability

The dual motor system of the *dash* utilizes modern digital motors that offer high efficiency and extend the vacuum's lifespan. It also delivers excellent air flow and suction, while the high-speed brush mechanically removes dirt from deep within carpet fibers. With its durable design and high-quality materials, the dash is perfect for tackling heavy-duty tasks with reliable, hassle-free operation.

Versatility and flexibility

The *dash* upright vacuum is versatile. Equipped with durable tools and an extension wand, the *dash* allows users to easily clean areas up to 10 feet above the floor. Its low-profile design allows for efficient vacuuming under furniture. Battery-powered, it allows for super flexible cleaning operation without cord hazards. Lightweight and highly maneuverable, the *dash* provides an ergonomic and efficient cleaning experience. Maintenance is simple—filters and brush roll can be quickly changed without the need for extra tools.

Health and safety

The *dash* is equipped with a 3-stage filter system: Filter bag, motor filter and HEPA exhaust filter. As changing the filters at the right time is key to maintaining top vacuum performance and improving indoor quality, the optional 100-Hour HEPA Filtration Kit simplifies the maintenance and helps keep air quality at a high level. With its low weight, transportation is easy and ergonomic.

12 in. / 30 cm Battery-powered Upright Vacuum

Technical Data	*dash* battery-powered vacuum
Working width	12 in. / 30 cm
Runtime: Low power setting, nominal	up to 90 min.
Runtime: High power setting, nominal	up to 60 min.
Dust bag capacity	1.25 gal. / 5.5 L
Filtration	3-stage, HEPA final stage
Sound level	64.2 dB(A)
Vibration level	0.25 m/s2
Brush speed	3200 RPM
Brush adjustment positions	4
Battery rated power	420 Wh
Rated voltage	43.2 V
Rated power, nominal	400 W
Vacuum motor water lift	60 in. H_2O / 15kPa
Maximum airflow	60 CFM / 28 l/s
Weight (ready-to-use)	22 lbs. / 10 kg
Dimensions (LxWxH)	14x12.2x47.6 in. / 36x31x121 cm
Protection class	Class II Double Insulated
Water Ingress Protection Class	IPX0 Dry Use Only
Approvals	CRI Gold, cETLus, DoE, NRCan, CEC

Product Description	Product Code
NSS dash battery-powered vacuum, 1 charger, 2 Li-ion batteries, one 10-pack paper filter bags	9601124
NSS dash battery-powered vacuum, 1 charger, 1 Li-ion battery, one 10-pack paper filter bags	9601123

Accessories/Common Parts	Product Code
100-hour HEPA filtration kit (one 10-pack filter bags, one motor filter, one HEPA filter)	9694801
Paper filter bags (one 10-pack)	9691911
Motor filter (1 each)	9690741
HEPA filter (1 each)	9690051
Brush roll - 12 in. / 30 cm (1 each)	9690261
Crevice tool (1 each)	9690731
Long hose assembly replacement (1 each)	9690181
Assembly wand & grip (1 each)	9690061
Wand only (1 each)	9690581
Li-ion Battery 43.2 V	9694051
Battery Charger	9695411
